

BLENDED LEARNING FOR PARENTS

9 Tips for Student Success

TIPS FOR STUDENT SUCCESS

- **Create a Dedicated Learning Space**
 - *Set up a quiet, comfortable, and well-lit area at home where your child can focus on their online lessons and homework. This helps create a clear boundary between schoolwork and relaxation time.*
- **Establish a Consistent Routine**
 - *Maintain a regular schedule for your child's learning activities. Consistency helps students manage their time effectively and reduces stress by providing a predictable structure.*
- **Monitor Online Activity**
 - *Keep an eye on your child's online activity to ensure they stay focused on their schoolwork. Encourage breaks to prevent burnout but ensure they return to their tasks promptly.*

TIPS FOR SUCCESS

- **Encourage Active Participation**
 - *Motivate your child to engage actively in their classes by asking questions, participating in discussions, and collaborating with peers. Active participation enhances understanding and retention of material.*
- **Communicate with Teachers**
 - *Stay in touch with your child's teachers to keep track of their progress and address any concerns. Regular communication ensures you are aware of any challenges and can work together to support your child's learning.*
- **Support Technology Use**
 - *Familiarize yourself with the technology and tools your child uses for blended learning. This will enable you to assist them with technical issues and help them navigate their online learning environment effectively.*

TIPS FOR SUCCESS

- **Foster Independence and Responsibility**
 - *Encourage your child to take ownership of their learning by setting goals, managing their time, and completing assignments independently. Building these skills will help them succeed in blended learning and beyond.*
- **Encourage a Growth Mindset**
 - *Teach your child to view challenges as opportunities to learn and grow. Encourage them to stay positive, persist through difficulties, and celebrate their progress and achievements, no matter how small.*
- **Balance Screen Time**
 - *Outside of school, ensure your child has a healthy balance between screen time and offline activities. Encourage breaks, physical exercise, and hobbies that don't involve screens to promote overall well-being.*
